

Q Will other students know my child is receiving this additional support?

A Absolutely not. We treat all information with the utmost respect for student privacy. Unless your child chooses to discuss it, no other students will be aware that they are benefiting from the BGLC Pledge. Our focus is purely on supporting their success.

Q Will my child feel singled out in class?

A No. While all teachers are dedicated to monitoring every student's progress closely, your child's eligibility for this support is never discussed in the classroom. All resources are distributed discreetly. Similarly, payments for trips are handled privately online, ensuring any contribution or discount remains confidential.

Q How is this funding used to benefit my child?

A This funding is an investment in the academic attainment and progress of students. We follow the latest educational research to fund effective, evidence-based interventions, providing the high-quality teaching and resources listed in the Pledge. A full breakdown of this investment is available in our Pupil Premium Strategy document, which can be found on our website.

PUPIL PREMIUM FUNDING FREQUENTLY ASKED QUESTIONS

Q Is the support provided equally to all students who qualify?

A The resources listed in the Pledge are provided to all eligible students. However, the overall funding is deployed strategically. We prioritise targeted interventions and spend more on those students who require additional, focused academic support to ensure they are on track to meet or exceed their potential. This ensures we maximise the impact of the investment where it is needed most.

Q What if I need help with essential costs like transport or uniform?

A While these specific costs are not part of the standard BGLC Pledge, we understand that families sometimes need extra support. We have good quality pre-loved uniform available for families - please contact reception. For other specific financial challenges, please **contact us directly** to discuss your situation confidentially.
